

Liberty treatment menu

QMS Medicosmetics unique skincare range has been scientifically perfected through years of clinical research and dedication to deliver the perfect balance of state-of-the-art ingredients in combination with the most advanced transdermal carriers.

Styled to offer the ideal blend of relaxation and skin-improving results, QMS Medicosmetics signature and prescribed facials suit both men and women of every age and every lifestyle. The comprehensive selection of treatments covers all the skin needs to look plumper, radiant and rejuvenated.

QMS at Liberty Signature treatments

Educational Facial – 30min £60

An insight into QMS Medicosmetics and what it can do for you – The Educational Facial allows you to learn about the product system, ethos and how to correct your skincare routine to make the most of your products.

O2 Boost and Recharge Facial- 45min £80

A boosting treatment using signature products to immediately enhance the skin profile to feel firmer, smoother and more radiant.

Urban Repair – 50min £110

Targets the damaging effects of daily pollutants on the skin and helps it repair the cellular structure to restore natural wellness of the skin. This facial combines a deep pore decongestion with advanced treatment to support the detox process, accelerate epidermal regeneration and boost the metabolism.

O2 Collagen Rejuvenation – 80min £150

Breathes new life into skin with its advanced techniques developed to stimulate skin cell regeneration at a deep level. QMS customized Oxygen Energy Applicator uses 95% pure oxygen to channel our signature collagens for the ultimate skin boost. The improved oxygen supply encourages circulation and stimulates a regenerative process. Leaves skin firmer, smoother and more radiant.

Bespoke treatments

When certain areas need a bit more attention why not book a customised facial with our therapists who can design each treatment around you.

All QMS treatments contain our deep cleanse to clear and balance, exfoliation to stimulate and remove dead skin cells and our iconic soothing and calming Algae mask. From these steps the skincare specialist will then diagnose the prescribed steps from revitalising, rebalancing, extraction and oxygen boosting to in-depth anti-aging.

Skin-specific need – 50min £120

In depth skin-specific need – 80min £160
